Juan is an active member of our community while commuting from another county. His energy is unmatched, and his smile radiates the academic and social confidence within. Juan embodies the Aspiraciones de Crecimiento (Our Community of Practice) in ¡Raíces: First Year and Beyond! His unconditional love for helping others is highly appreciated by staff, faculty, and our Raíces community of scholars. Thank you Juan for your presence, your insight, and your commitment to our program and our campus. As you go beyond SBCC and transfer to a four-year university, we look forward to your continued success!
